Vote 22: The Courts Service

Introduction

As Accounting Officer for Vote 22, I am required each year to prepare the Appropriation Account for the Vote, and to submit the Account to the Comptroller and Auditor General for audit.

In accordance with this requirement, I have prepared the attached account of the amount expended in the year ended 31 December 2009 of the salaries and expenses of the Courts Service and of the Supreme Court, the High Court, the Special Criminal Court, the Circuit Court and the District Court and of certain other minor services as are not charged to the Central Fund.

The expenditure outturn is compared with the sums granted by Dáil Éireann under the Appropriation Act 2009, including the amount that could be used as appropriations-in-aid of expenditure for the year.

The Statement of Accounting Policies and Principles and notes 1 to 5 form part of the Account.

Statement of Accounting Policies and Principles

The standard accounting policies and principles for the production of Appropriation Accounts have been applied in the preparation of the Account.

Statement on Internal Financial Control

Along with the Account, I have submitted a statement in the standard format on the system of internal financial control that operates in the Courts Service.

Risk Management

The Courts Service has a risk management framework which has been implemented over the past five years. It continues to be an agenda item for the senior management team and regional managers with risks being regularly reviewed and updated. Further progress continued to be made during 2009, with the integration of risk management into the business planning process. Regular updates were provided to the audit committee during the year.

New Code of Practice for the Governance of State Bodies

A new Code of Practice for State Bodies which provides a framework of best practice in Corporate Governance was introduced in 2009. The Service has conducted a review of the code and is adopting where appropriate relevant recommendations.

Audit Committee

The Service has an Audit Committee comprising five members. The Audit Committee operates under an approved written charter and submits an annual report to the Courts Service Board. The Head of Internal Audit reports to the Audit Committee on a quarterly basis.

Information and Communications Technology

The Service has a strong commitment to the security of its Information and Communications Technology through the implementation of the recommendations made by an independent review of Information Communication Technology security. The ICT governing committee continues to meet on a quarterly basis and monitors progress of the overall ICT programme.

A review of the effectiveness of internal financial controls has been undertaken in respect of the year ended 31 December 2009. The statement confirmed that the financial control environment operating within the Service is effective.

BRENDAN RYAN
Accounting Officer
The Courts Service
31 March 2010

Certificate of the Comptroller and Auditor General

I have audited the Appropriation Account of the Vote for Courts Service for 2009 under Section 3 of the Comptroller and Auditor General (Amendment) Act, 1993. The Account has been prepared in accordance with the Statement of Accounting Policies and Principles. The duties of the Accounting Officer and of the Comptroller and Auditor General in relation to the Appropriation Accounts, and the basis of the audit opinion, are set out in Part 1 to this volume.

I have obtained all the information and explanations I considered necessary for the purposes of my audit. In my opinion, proper books of account have been kept by the Courts Service. The Appropriation Account is in agreement with the books of account.

In my opinion, the Appropriation Account properly presents the receipts and expenditure of the Vote for the year ended 31 December 2009.

foll Bu

JOHN BUCKLEY

Comptroller and Auditor General

8 September 2010

Vote 22 The Courts Service Appropriation Account 2009

Note: The Courts Service Act 1998 provides for the transfer of legal title in respect of certain land and buildings that are used for the purposes of the functions of the Service. In accordance with Section 26(3) of the Act, the Minister for Justice, Equality and Law Reform may by order appoint a day on which such land and buildings will be vested in the Service. Valuations of vested properties are provided by the Office of Public Works (OPW). There were five buildings vested in 2009. In addition to these five, four were vested prior to 2009. Valuations are outstanding for all nine buildings at year end and therefore have not been included in the above figures.

Prior year adjustment

The fixed asset revaluation has arisen following an asset verification exercise which highlighted amounts charged to fixed assets incorrectly in previous years. This was rectified in the 2009 account with a corresponding adjustment to the depreciation charge.
